Preface

Shelby near the foothills of the Blue Ridge Mountains, was chartered in 1843. It has an aldermanic form of Government with Mayor and four councilmen, owns and operates its water and electric system. It was named for Col. Isaac Shelby—hero of the Battle of Kings Mountain, fought nearby in the Revolutionary War. Principal streets, such as Washington, LaFayette, Warren, Marion, are named for Revolutionary War heroes. Shelby is the home of the late O. Max Gardner, Ambassador to the Court of St. James (1947, Governor 1929-33); the late Clyde R. Hoey, U. S. Senator (1946-1954, Governor 1937-1941); the late E. Y. Webb, U. S. Federal Judge (1949) and former U. S. Congressman during Wilson's administration; Hatcher Hughes, Pulitzer Prize Winner (1934) and the late Thomas Dixon author of the famous novel "The Clansmen" on which D. W. Griffith based his epic picture "Birth of a Nation."

Shelby home owners take more than usual pride in their community and interest in its development.

LOCATION

Shelby is the county seat of Cleveland County, 40 miles west of Charlotte on U. S. 74, and 72 miles east of Asheville on the same High-

A rich agricultural area, Cleveland County has more than 5,000 farms. In addition to being one of the State's largest cotton producing counties, it also markets apples and other fruit and dairy products, beef cattle, hogs, chickens, and small grains.

PREFACE

INDUSTRY

An excellent climate, availability of raw materials, and accessibility to markets—plus an abundance of power, water, and native labor—have all contributed to the industrial development of this section. CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-
check artists. A few questions, checked against City Directory information, will trip
them at once. Intelligent use of the City Directory for this purpose has saved thousands
of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
 You need it at your elbow at all times, to protect your company from forgers and bad-
 check artists. A few questions, checked against City Directory information, will trip
 them at once. Intelligent use of the City Directory for this purpose has saved thousands
 of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-
check artists. A few questions, checked against City Directory information, will trip
them at once. Intelligent use of the City Directory for this purpose has saved thousands
of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-
check artists. A few questions, checked against City Directory information, will trip
them at once. Intelligent use of the City Directory for this purpose has saved thousands
of dollars and helped make some cities "too sharp" for bad-check "operators."

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE
 AND DENOTING BUSINESS PLACES

VOL. XIV 1961-1962 **VOL. XIV**

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(•)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-
check artists. A few questions, checked against City Directory information, will trip
them at once. Intelligent use of the City Directory for this purpose has saved thousands
of dollars and helped make some cities "too sharp" for bad-check "operators."

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
